Sir:

Patentee notes that an error of a clerical nature or character appears in the patent as a result of Patent and Trademark Office (PTO) mistake. The attached Form PTO-1050 describes the error in detail. Patentee respectfully requests that the Commissioner issue a Certificate of Correction to correct the error appearing in the printed patent. Correction thereof does not involve such changes in the patent that would constitute new matter or required re-examination.

Examiner David A. Saunders denied Patentee's priority claim during prosecution in the Office Action dated September 8, 2006, stating that Patentee was only entitled to the benefit of the instant filing date, January 9, 2004. As such, Patentee respectfully requests that the Commissioner issue a Certificate of Correction removing the incorrect priority claim from the face of the printed patent.
